

Boost your practice's revenue with Online Medical Certificates

- See the **revenue** and **time** benefits your GP practice could gain by offering Online Medical Certificates

A GP practice typically receives

312

Medical Certificate requests per year

Calculated based on an average of 6 requests per week.

By offering Online Medical Certificates, you could achieve

Up to **\$209** increased revenue per week

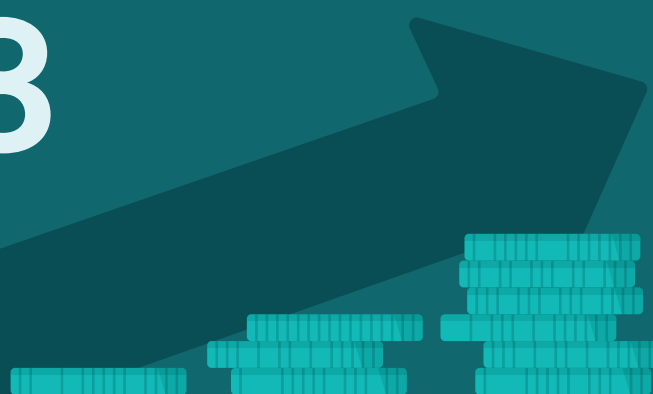

Calculated based on an average revenue of \$90 per standard appointment and an average revenue of \$35 per online medical certificate.

Equivalent to

Up to **\$10,848**

increased revenue per year

You could save your practitioners

Up to

90

minutes per week for
in-person
appointments

Calculated based on 6
standard appointments of 15
minutes each.

And save your front
desk staff

2+ hours of front
desk admin
work monthly

Calculated based on an average of 5
minutes of admin work per
medical certificate.

Plus, offer existing patients

the **convenience** of requesting
medical certificates online, from
the comfort of their homes.

Contact your Healthengine Customer Success Manager at
08 6205 3111 to set up Online Medical Certificates for your practice.

Statistics provided are based on assumptions and Healthengine internal data, are for illustration purposes only and actual outcomes may vary depending on practice size, location, and other factors. Each GP practice should obtain its own independent legal, financial and taxation advice in connection with a decision to offer online medical certificates.
